Eleven Plus Verbal Reasoning Worksheet – USING GRIDS TO FIND INFORMATION

QUESTION	
	A supermarket carried out a cake tasting survey. Shoppers were asked to vote for their favourite cake. Cake A had less votes than cake B. Cake D had more votes than cakes C and E but less than cake A. Which cake was the most popular?
HOW TO DO IT	
	Answer the question using the given information.
HINT	
	Read the question carefully and gradually eliminate possibilities. Sometimes it may be useful to think of it as an equation or to draw a little diagram. e.g. Ben has 6 sweets. If Bill gives Ben 2 sweets, Ben will have half as many as Bill started off with. How many sweets did Bill start off with? Answer: (6+2) x 2 =**16**
ANSWER	
	B
