

## Eleven Plus Verbal Reasoning Worksheet - WORD PROBLEMS

|   |  |
|---|--|
| <u>QUESTION</u>   |  |
|    | There are forty flowers in a garden of three different colours. If half the flowers are red and a quarter are white then how many flowers are pink?  |
| <u>HOW TO DO IT</u>   |  |
|    | Solve the word puzzle given.   |
| <u>HINT</u>   |  |
|   | Read the question carefully and work through the puzzle given bit by bit.<br><br>e.g. If the names of the months each had the 2 letters nearest the beginning of the alphabet removed, what would be the first letter of the fifth month?<br><br>Answer: The fifth month is May. The 2 letters closest to the beginning of the alphabet are M and A, so Y is left. |
| <u>ANSWER</u>   |  |
|  | 10   |
