

## Eleven Plus Verbal Reasoning Worksheet - ALGEBRA

<u>QUESTION</u>	
	What number added to 30 will give a number 4 times as big as 9?
<u>HOW TO DO IT</u>	
	Answer the question using the information given.
<u>HINT</u>	
	<p>Write down the numbers as you read through the question, so you don't get "lost". Remember to reverse the action.</p> <p>e.g. A number plus 2 is 6, so 6 <b>minus</b> 2 is the number.</p> <p>e.g. If I add the number of days in January to this number I get 40. What is the number?</p> <p>Answer = <math>40 - 31 = 9</math></p>
<u>ANSWER</u>	
	6
